# All The Color With None Of The Hassle. Control Instantly. Enjoy Endlessly.

Transform your pool with endless color possibilities to fit any mood or occasion. With our innovative QuickConnect technology, Jandy® Infinite WaterColors™ make future servicing simple.

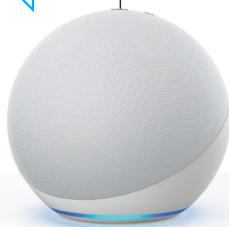

## Pick from Endless Colors

Choose from infinite hues or 10 pre-set colors with 5 light shows

Alexa, turn my spa lights blue

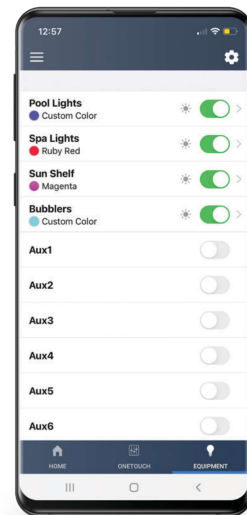

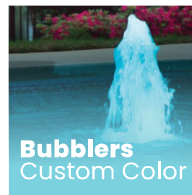

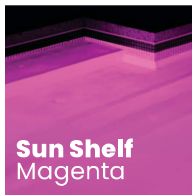

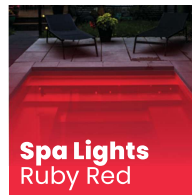

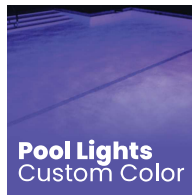

## Color Your Pool with Voice Control

Integrate with other smart home devices to select colors using voice control

## Color By Zone

Illuminate up to 4 areas of your pool with your choice of custom colors

## Control Brightness and Dimming

Infinite WaterColors advanced dimming allows you to choose how brightly your colors shine

## A Perfect Match

For the ultimate effect, Infinite WaterColors Nicheless LED lights are designed to work with the TruFit™ Bubbler (sold separately)

# Any Color. Anytime. Anywhere.

You're in complete control wherever you go. Designed to work with Jandy AquaLink® RS automation systems, Infinite WaterColors Lights offer convenient operation whether you're by the pool or away from home.

Over 50K 5-star reviews!

# Brilliant QuickConnect Design

Repairing lights used to be a hassle that could take hours. Now with QuickConnect Technology, your Nicheless LED lights are proactively designed to be quickly replaced above the waterline, promising easy service and more time enjoying your pool.

**Protective Lid with Handle**

**Detachable Light**

**Double-Sealed Waterproof Connector**

**Coiled Cable**  
Coiled-cable design allows lights to extend up to 22-inches

## Stretch and Disconnect

Coiled-cable design allows lights to extend up to 22-inches for easy service and quick replacement

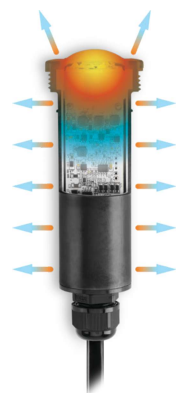

## Protective Lid with Handle

Clear protective lids shield LEDs during installation, let light shine through for testing, and include a twist handle

## HydroCool Lights Last Longer

Innovative HydroCool® Technology extends the life of your lights for endless enjoyment with easy replacements\*

\*Based on internal testing, compared to similar LED lights without thermal conductive housing

**HYDROCOOL®**

# Pool Pro Approved

## Easy Installation & Operation

Free up automation auxiliary relays by connecting the Light Controller via RS485 to AquaLink® RS

## Color Selection Without the Cycle

No more cycling through color selections — instantly change from one color to the next

## A Perfect Match

Designed to work with the Jandy® TruFit™ Bubbler (sold separately)

## No Transformer Necessary

Light controller has a built-in 300W transformer and allows for grouping of lights into four zones

## NEW QuickConnect Technology

Future light repairs can now be serviced easily with innovative QuickConnect Technology
